

Friends of Lone Star

Lone Star Camp is 35! For thirty-five years Lone Star Camp has been in operation for Southwest Region Conference, and has been a blessing in one way or another for those who have walked its grounds and experienced God and fellowship with family and friends.

In order to continue to help Lone Star Camp grow and develop we are asking everyone who has passed through these holy grounds to donate a minimum of \$35.00 to commemorate each year that Lone Star Camp has been in operation. With each person donating at least \$35.00, we believe we can raise many dollars that will be used for the sole purpose of campground development. Funds donated will be used to pay the balance on buildings that have recently been erected and are in use. This will then make way to help build new buildings. Plans for new buildings include senior citizen quarters; softball, soccer, football fields; and a walking trail, just to name a few projects. Funds donated can also be used to sponsor youth to come to Lone Star Camp for Summer Camp this summer.

Please donate today and share this information with your friends, family, or anyone who has ever visited Lone Star camp or wants to make a donation to a project that will help people of all ages meet Jesus in a very special place. The amount of funds that can be raised to develop these holy grounds are limitless – and we put no limits on what God can do! Our goal is to have each person who receives this communication in any form to turn in \$35.00 by June 18, 2014. We will announce at Campmeeting on June 21st how much has been raised to date and will take donations via special offering on this date as well.

You can give to Lone Star Camp online or write a check to Southwest Region Conference. All donations are tax deductible; please make sure your information is included in your payment to be able to receive a tax receipt. Please know that if God has placed it on your heart to give more than \$35.00, please don't hesitate to do so!
