

YOUR House Is Bugged...

Yes, your house is bugged!

In every house there are two microphones per child –

One is each ear.

These highly sensitive instruments pick up the table prayers,

The hymns sung;
Ordinary conversations,
Incidental remarks,
Types of language,
A variety of words,
And intensities of sound.

These all absorbing microphones

Transmit all that they hear to highly impressionable minds.

These sounds then become the vocabulary of the child

And basis for action and reaction.

Simple Steps to Prepare for Back-to-School

It's difficult to believe that it's already August! Where has the year gone—this is what happens when we are a part of a worldwide pandemic. The responsibility for maintaining peace and security falls upon the parents; the Scriptures state: “*Train up a child in the way he should go [teaching him to seek God's wisdom and will for his abilities and talents]....*” (Proverbs 22:6 (AMP)). That means what our children see and hear in our homes is what they learn—*it's caught, not only taught!*

How do you prepare your children for school this year? It will require some thought on your part as the parent. Will your child be attending school in person or virtually? How important is education in your home? Did you know, according to the pen of inspiration: “It is in the home school that our boys and girls are to be prepared to attend the church school. Parents should constantly keep this in mind and, as teachers in the home, should consecrate every power of the being to God, that they may fulfill their high and holy mission. Diligent, faithful instruction in the home is the best preparation that children can receive for school life. {Adventist Home , pg.185}.

Each school year presents a challenge. If you have more than one child, you find they have differing opinions of the coming year. Our God is so big and glorious, He creates us all uniquely. Please remember that as your deal with your children. **We are ALL uniquely different—created in the image of God!**

We let our children know that we are convinced they can succeed in school. We nurture—*caring for someone, providing help to promote their welfare and development. Nurture is love in action.*

Leadership through kindness works better and lasts longer than leadership by force. Fear and intimidation are the human way, not God's way. Jesus never led by fear and intimidation and neither should we.
